Total Effective Monthly Costs:	\$ 28,495		

Assumptions

- The following assumptions were used for this scenario, and can be modified if there are any specific values you would like to use.
- Bank rate, terms, and fees are estimates and vary depending on lender.
 - SBA fee is 2.15% of the SBA loan amount plus a \$3,500 attorney flat fee and \$1,000 documentation fee. These fees are financed.
 - The current SBA rate is used here. Actual rate is set at debenture sale at time of funding.
 - All costs and expenses are estimates. This breakdown does NOT include Title & Escrow Closing Costs, which are additional Out of Pocket Costs.
 - Bank Fees are estimated at .75% of bank loan amount.
 - Insurance & Property Tax estimated at 1.2% of purchase price.
 - Effective cost of ownership is Total Monthly Payment less annual Principal paydown.

COST SEGREGATION

Teaming Up

Tax Savings Projection

The estimated cost savings by doing a Cost Segregation Study on your property located at: 1550 Steiner, San Francisco, CA

Building Cost	
Cost	\$ 4,900,000
Year of Purchase	2024
Tax Year	2024
Regular Depreciation	
39 years	\$ 123,077
Cost Segregation	
60% Bonus Depreciation	\$ 537,600
39-year Depreciation	\$ 109,300
Cost Seg Depreciation	\$ 647,000
Estimated Tax Rate	39%
Projected Net Tax Savings	\$ 252,330

WHAT IS COST SEGREGATION?

Cost Segregation is an application by which commercial property owners can accelerate depreciation and reduce the amount of taxes owed. This generates substantial cash flow that owners can reinvest in the business, purchase more property, apply to their principal payment, or spend on themselves. HOW DOES COST SEGREGATION WORK? Expert Management Professionals, as an experienced and qualified company, performs the cost segregation study on your property. The study accelerates the depreciation of your building/renovation components into shorter depreciation categories such as 5-, 7-, 15-year rather than conventional 27.5- and 39-year schedules. Examples include decorative building elements, electrical for dedicated computer equipment, and carpet. Also, site utilities, landscaping and paving. The cost segregation study results in a much higher depreciation expense and significantly reduces taxable income. It can be applied to buildings purchased or built since 1986, including renovations, and there is no need to amend your tax returns.

- Here is a conservative estimate of the results of a comprehensive cost segregation study on your property. Once completed the tax savings may fluctuate to a higher or lower degree. Please contact me for details on completing a cost segregation study on this property.
